SALEM, Ore., March 7, 2018 – EO Media Events, LLC is proud to announce details for the 2019 Northwest Ag Show to be held January 16-18, 2019 at the Oregon State Fair & Exhibition Center.

The 49<sup>th</sup> edition of the event will focus on the emerging trends in the ag industry such as small farming, technology and education. It will provide useful information to attendees regarding equipment, best practices, job training and state-sanctioned certifications as well as legal and financial issues facing large-scale and smaller-scale farming.

“We are pleased to offer exhibitors and attendees a new experience designed to celebrate the importance of agriculture and agriculture-related businesses in our region,” said Heidi Wright, chief operating officer of EO Media Group, owners of EO Media Events, LLC.

In addition to a new location, the show will also be held in mid-January to coincide with the Salem Area Chamber of Commerce’s SAIF Agri-Business Banquet on Friday, Jan. 18. These two events will form the foundation of an Ag Week celebration for the Salem area.

The show will be backed by the promotional power of Capital Press and its sister EO Media Group publications who will market the event throughout the year with a comprehensive campaign across Oregon and the Northwest through print, online, social media, database marketing and partnerships with other organizations.
